Certifications

Geekster | Geekster Full Stack Web Development Bootcamp
- Accomplished over 200 Data Structures and Algorithms (DSA) coding challenges on the Geekster platform.
- Actively engaged in multiple coding contests hosted by the platform, showcasing proficiency in problem-solving and algorithmic thinking.
- Worked on various projects like **Typing Speed Checker , Github Finder, Codepen, Weather App**
- Technical Stack Learned **: HTML**, **CSS**, **Tailwind, JavaScript**, **React** and **Java**

Projects

CodePen Clone [*Link*]
- Developed a web application inspired by CodePen using React, aimed at providing users with a platform for collaborative code editing and sharing.
- Implemented real-time features to enable instant updates and collaboration among users, enhancing the user experience.Conducted thorough testing and debugging to identify and resolve issues promptly, enhancing the overall stability and performance of the application.
- Tech Stack: **React, Firebase.**

Weather App[*Link*]
- Developed a responsive weather application using React.js to provide users with real-time weather information based on location..
- Integrated with a weather API to fetch accurate and up-to-date weather data, enhancing user experience and functionality.Implemented responsive design principles to ensure the Weather App functions effectively across various devices and screen sizes, enhancing accessibility and user engagement.
- Tech Stack: **React, API**

Skills

- **Computer Language** : Java, Javascript
- **Frameworks / Libraries** : ReactJS, Redux
- **Additional Courses** : Data Structure and Algorithms, System Design
- **Tools & Technologies** : Git, VS code

Education

Year	Degree/Examination	Institution/ Board	CGPA/Percentage
2022	B. Tech	Government Engineering College, Ajmer	7.6 CGPA
2018	12th	RBSE	48.0%
2016	10th	RBSE	70.0%
